

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The following are some measures initiated by the institution for the promotion of gender equity:

The safety and security of all the students has always remained a prime concern of the institution. For that, the timings of the college (from 8 to 1) are quite convenient for the girls who commute from the neighbouring villages.

Sports practices and other activities are completed before 2 pm. In case of staying back, the girls are escorted to their homes. While going outstation for participating in the inter-college events, a female faculty always accompanies the girls.

All the students have been given ID cards to prevent the entry of the outsiders. The two watchmen mind this business.

The girls are given helpline numbers to use in emergency.

Self-defence programs are held at regular intervals.

During exams, elections and annual day celebrations, presence of the police is insisted.

The Anti-ragging Committee is formed for the safety of all the students.

Separate rest rooms and wash rooms are there for the girl and boy students.

Academic counselling is available to all. The girls are counselled informally regarding their personal and/or social problems.

The Women's Committee organizes a number of activities for women empowerment.

Another committee formed for the safety of the girl students is Anti-ragging committee. This committee, however, is formed for the safety of both the girl and the boy students. Fortunately, no serious kind of complaint has ever been registered to this committee.
